Raymond-Dufresne E, Wylie K. BET 3: CAN PREGABALIN EFFECTIVELY DIMINISH ACUTE HERPETIC PAIN AND REDUCE THE INCIDENCE OF POSTHERPETIC NEURALGIA? *Emerg Med J* 2012;29:166–167. The end of this abstract was missing some text and the final line should have read ‘More research is needed on this topic to clarify this issue’.
