

Primary survey

869 Highlights from this issue
P M Middleton

Commentary

870 Making the black box more useful
J A Kline

Original articles

872 Can emergency physicians 'rule in' and 'rule out' acute myocardial infarction with clinical judgement?
R Body, G Cook, G Burrows, S Carley, P S Lewis

877 Predictive accuracy of triage nurses evaluation in risk stratification of syncope in the emergency department
M Bonzi, E M Fiorelli, L Angaroni, L Furlan, M Solbiati, C Colombo, F Dipaola, N Montano, R Furlan, G Costantino

882 High-sensitivity cardiac troponin T is an independent predictor of in-hospital mortality in emergency department patients with suspected infection: a prospective observational derivation study
B de Groot, R C W Verdoorn, J Lameijer, J van der Velden

889 Attitudes and practices regarding resuscitation in emergency departments in Trinidad and Tobago
G Baird, I Sammy, P Nunes, J Paul

894 Experience feedback committee in emergency medicine: a tool for security management
A Lecoanet, E Sellier, F Carpentier, M Maignan, A Seigneurin, P François

899 Pyrethroid poisoning: features and predictors of atypical presentations
Y S Cha, H Kim, N H Cho, W J Jung, Y W Kim, T H Kim, O H Kim, K C Cha, K H Lee, S O Hwang, L S Nelson

904 Procedural sedation with propofol for emergency DC cardioversion
P Kaye, M Govier

909 Regional analgesia in the emergency department for hip fractures: survey of current UK practice and its impact on services in a teaching hospital
A Rashid, E Beswick, S Galitzine, L Fitton

Prehospital care

914 The accuracy of alternative triage rules for identification of significant traumatic brain injury: a diagnostic cohort study
G Fuller, T Lawrence, M Woodford, F Lecky

920 Search and rescue helicopter-assisted transfer of ST-elevation myocardial infarction patients from an island in the Baltic Sea: results from over 100 rescue missions
M M Schoos, H Kelbæk, F Pedersen, B Kjærgaard, S Trautner, L Holmvang, E Jørgensen, S Helqvist, K Saunamäki, T Engstrøm, P Clemmensen

Consensus statement

926 The International Federation for Emergency Medicine framework for quality and safety in the emergency department
F Lecky, J Bengler, S Mason, P Cameron, C Walsh, On behalf of the IFEM Quality Symposium Working Group

Review

930 Development of hospital disaster resilience: conceptual framework and potential measurement
S Zhong, M Clark, X-Y Hou, Y-L Zang, G Fitzgerald

Short reports

939 Bowing, kneeling and 'prostration': athlete's collapse patterns during sudden cardiac arrhythmia/arrest on the field of play
S Baltsezak

942 Tuberculosis: a missed opportunity for early diagnosis at the front line?
T S Lad, G E Packe
