Primary survey
695 Highlights from this issue
S Goodacre, E J Weber

Commentary
696 European Restart a Heart Day
A S Lockey

Editorial
698 Chinese bystanders in medical emergencies: apathetic or bewildered?
X Dan, W Liu, T B Ng

Original articles
700 Barriers and facilitators to CPR knowledge transfer in an older population most likely to witness cardiac arrest: a theory-informed interview approach
C Vaillancourt, M Charette, A Kasaboski, J C Brebault, M Osmond, G A Wells, I G Stiell, J Grimshaw

706 Clinical effects and safety of different strategies for administering intravenous diuretics in acutely decompensated heart failure: a randomised clinical trial

714 Impact from point-of-care devices on emergency department patient processing times compared with central laboratory testing of blood samples: a randomised controlled trial and cost-effectiveness analysis
S E Asha, A C F Chan, E Walter, P J Kelly, R L Morton, A Ajami, R D Wilson, D Honneyman

720 LP or not LP, that is the question: gold standard or unnecessary procedure in subarachnoid haemorrhage?
H Stewart, A Reuben, J McDonald

724 Service use following attendance at an emergency department with an head injury: a 6-month survey
H Seeley, C Mainwaring, J Allison, J Pickard, P Hutchinson

730 Comparison of three techniques using the Parkland Formula to aid fluid resuscitation in adult burns
A Theron, O Bodger, D Williams

736 Implementation of a rapid HIV testing programme favourably impacts provider opinions on emergency department HIV testing
E M Schechter-Perkins, J E Rubin-Smith, P M Mitchell

741 Uncontrolled organ donation after circulatory death: potential donors in the emergency department
M J Reed, S B H Lua

Prehospital care
745 Biomechanical analysis of spinal immobilisation during prehospital extrication: a proof of concept study
M Dixon, J O’Halloran, N M Commins

754 Emergency medical services versus private transport of trauma patients in the Sultanate of Oman: a retrospective audit at the Sultan Qaboos University Hospital
S Al-Shaqsi, A Al-Kashmiri, H Al-Hajri, A Al-Harthy
A comparison of actual versus predicted emergency ambulance journey times using generic Geographic Information System software
P McMeekin, J Gray, G A Ford, J Duckett, C J Price

Non-resuscitative first-aid training for children and laypeople: a systematic review
Z He, P Wynn, D Kendrick

Towards evidence-based emergency medicine: Best BETs from the Manchester Royal Infirmary
R Body

Best evidence topic reports

BET1: do patients with an asymptomatic sub-segmental pulmonary embolism need anticoagulation therapy?
H Choi

BET2: the use of local anaesthetic lubrication for the catheterisation of males
G Roberts

Motion artefact in multidetector CT in a child with severe chest injury resembling serious pathology
S Artul, A Yamini

Delayed bilateral massive stroke following a road traffic accident
I C Coulter, H Korsen

Penetrating facial injury
B Kwon, H W Chang, S J Kim, sung Il Sohn, T H Choi
