Auckland Healthcare

Te Toka Oranga O Tamaki Makau Rau

AUCKLAND HOSPITAL

Auckland Hospital is a 520 adult bed general hospital located in central Auckland serving a population of approximately 310,000. It is also the regional trauma centre for the greater Auckland region of one million people. The Emergency Department offers plenty of variety and enjoys excellent support services. The Department is accredited for Advanced Training in Emergency Medicine by the Australasian College for Emergency Medicine and has up to five registrars in the programme.

**Clinical Director/
Whole-Time Specialist**

Emergency Department

The position has a strong clinical base with emphasis on teaching junior medical staff. To ensure continued accreditation of the registrar teaching programme, Fellowship of the Australasian College for Emergency Medicine is essential and will require applicants without this qualification to establish their credentials directly with the College.

Enquiries should be directed to: Marie Colwell, General Manager, Auckland Hospital, Auckland, New Zealand, phone (64) 9 379-7440 ext 7713 or fax (64) 9 307-2818.

**Whole-Time
Emergency Medicine
Specialists (2)**

Emergency Department

The positions have a strong clinical base with emphasis on quality patient care and teaching junior medical staff. Fellowship of the Australasian College for Emergency Medicine or equivalent is preferred.

Enquiries should be directed to: The Manager, Emergency Department, Auckland Hospital, Auckland, New Zealand, phone (64) 9 379-7440 ext 6734 or fax (64) 9 307-4933.

All applicants must be eligible for registration with the Medical Council of New Zealand. The successful applicants will have a cultural awareness and ability to display a commitment to biculturalism.

Attractive salary packages are available with an appropriate employment contract.

Closing date: Friday 12 August 1994.

Enquiries for Job Descriptions and Application Forms should be faxed and are available from: Executive Officer, Medical Personnel Services, Building 18, Auckland Hospital, Private Bag 92024, Auckland, New Zealand, phone (64) 9 379-7440 ext 6298, fax (64) 9 307-4933.

Journal of Clinical Pharmacy and Therapeutics

The journal for reports and reviews of significant developments in pharmacy formerly known as the Journal of Clinical and Hospital Pharmacy

Editors: Professor A Li Wan Po, School of Pharmacy, Medical Biology Centre, The Queen's University of Belfast, Northern Ireland; and
Dr M J Kendall, Department of Pharmacology, The Medical School, Edgbaston, Birmingham, UK

The *Journal of Clinical Pharmacy and Therapeutics* has become internationally established among pharmacists in various disciplines and areas of specialization as a forum for the communication of significant developments in clinical and hospital pharmacy. Its scope embraces the manufacture, quality control and formulation of medicines, drug information services, pharmacokinetics, radiopharmacy, organization and management of the hospital pharmacy, drug distribution systems including unit dose systems, clinical pharmacy education and all other aspects of clinical pharmacy.

European Journal of Anaesthesiology

Editor-in-Chief: M D Vickers, Cardiff

Deputy Editors: P Foex, Oxford; J-P Jantzen, Hannover

Editors: H Burchardi, Gottingen; J-M Desmonts, Paris; L Drob, Poznan; M Zimpfer, Vienna

Assistant Editor: N Mayer, Vienna

The *European Journal of Anaesthesiology*, the official publication of the European Academy of Anaesthesiology, publishes original work of high scientific quality. Preference is given to experimental work or clinical observation in man, and to laboratory work of clinical relevance. The journal also publishes commissioned reviews by an authority in a field of interest to those working in anaesthesiology or intensive care. Abstracts of Academy meetings, editorials, book reviews, news and notices are also included.

Subscription Information

Published bimonthly, with the first issue of the year in January. Subscription rates for 1994 are: £228.00 (Europe and overseas), US \$339.00 (USA and Canada). I spend too much time looking for answers.

MICROMEDEX computerised information systems bring a library of peer-reviewed, fully-referenced acute care information together in a single source.

DATABASES THAT SAVE TIME

- Current, comprehensive information for health care professionals
- Simple, menu-driven, on-screen instructions mean instant access to full text, fully-referenced documents

ON-GOING, UP-TO-DATE RESEARCH

- Full-time medical editors continually review the world's leading medical literature
- Worldwide, 350 practicing clinicians evaluate new information, track and report clinical trends, and report on their area of specialty
- Updated materials are distributed to customers every 3 months

CURRENT DATA HELPS IMPROVE PATIENT CARE

- Information instantly available, in your facility, 24 hours each day

RELIED UPON WORLDWIDE

- Every day, in more than 70 countries, thousands of pharmacists, physicians, and nurses depend on drug information databases from MICROMEDEX

MICROMEDEX Acute Care Information Databases

AfterCare™ Instructions – includes simple-to-use guidelines for self-care and drug information that healthcare professionals can distribute to patients who have been discharged.

EMERGINDEX® SYSTEM – contains data and abstracts for the practice of acute care medicine, including presentation and treatment for over 400 illnesses and injuries.

POISINDEX® SYSTEM – presents internationally recognized treatment protocols and ingredient information for more than 750,000 commercial, biological, and pharmaceutical substances.

TOMES® SYSTEM – provides fully-evaluated monographs, and medical toxicology and hazard managements for use in the event of industrial chemical exposures.
