Transfusion Medicine

Editor: *Professor A H Waters*, Department of Haematology, St Bartholomew's Hospital, London, UK.

Associate Editors:

J A J Barbara, London, UK • *P J Lincoln*, London, UK

D B L McClelland, Edinburgh, UK • *D Voak*, Cambridge, UK

Now entering its fifth successful year, *Transfusion Medicine* reflects the interests of clinicians, scientists and other professionals working in the broad field of blood transfusion medicine.

The journal publishes original articles reviewed by international experts in the field, and rapid publication is a high priority. *Transfusion Medicine* also features invited reviews, state-of-the-art reports, good practice guidelines, leading articles, Letters to the Editor, occasional historical articles and signed book reviews. Abstracts of science meetings and the proceedings of symposia (in supplement form) are also published from time to time.

Transfusion Medicine is covered by the major abstracting services including *Index Medicus*, *Current Contents/Life Sciences* and *Medline*.

MEDICAL EDUCATION

Published for the Association for the Study of Medical Education by Blackwell Science

Editor: Professor Henry J Walton

Medical Education is the senior international scientific journal for undergraduate, post-graduate and continuing medical education. As such, all issues of current interest, including teaching methods, curriculum reform, the training of medical teachers, the selection of entrants and assessment techniques, are covered. It is the main forum for teachers of medicine worldwide.

EUROPEAN JOURNAL OF ANAESTHESIOLOGY

Editor-in-Chief:

T E J Healy, *Manchester*

Editors:

H Burchardi, *Gottingen*; L Drobnik, *Poznan*;
N W Goodman, *Bristol*; J P Haberer, *Paris*;
J-P Jantzen, *Hannover*; M Zimpfer, *Vienna*

Editor Commissioned Reviews:

A M Black, *Bristol*

Assistant Editor:

N Mayer, *Vienna*

The *European Journal of Anaesthesiology*, the official publication of the European Academy of Anaesthesiology, publishes original work of high scientific quality. Preference is given to experimental work or clinical observation in humans, and to laboratory work of clinical relevance. The journal also publishes commissioned reviews by an authority in a field of interest to those working in anaesthesiology or intensive care. Abstracts of Academy meetings, editorials, book reviews, news and notices are also included.

I spend too much time looking for answers.

MICROMEDEX computerised information systems bring a library of peer-reviewed, fully referenced acute care information together in a single source.

DATABASES THAT SAVE TIME

- Current, comprehensive information for health care professionals
- Simple, menu-driven, on-screen instructions mean instant access to full text, fully-referenced documents

ON-GOING, UP-TO-DATE RESEARCH

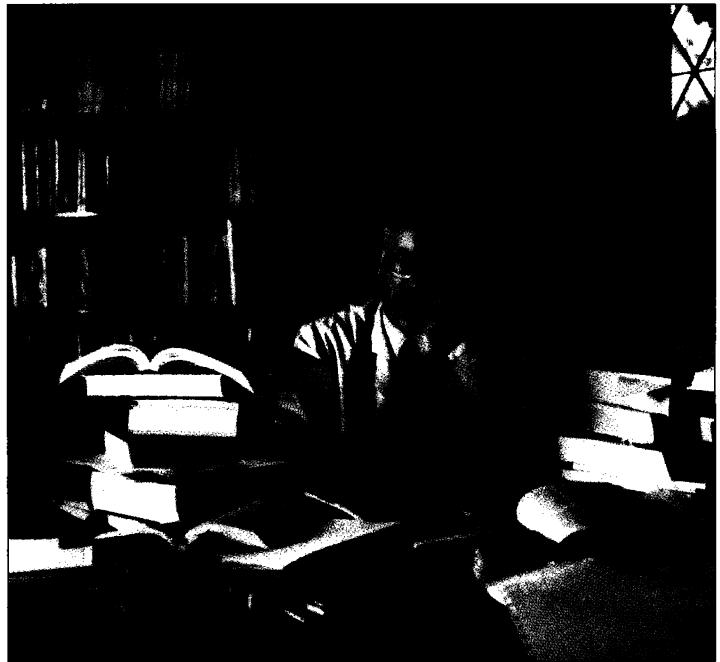

- Full-time medical editors continually review the world's leading medical literature
- Worldwide, 350 practicing clinicians evaluate new information, track and report clinical trends, and report on their area of specialty
- Updated materials are distributed to customers every 3 months

CURRENT DATA HELPS IMPROVE PATIENT CARE

- Information instantly available, in your facility, 24 hours each day

RELIED UPON WORLDWIDE

- Every day, in more than 70 countries, thousands of pharmacists, physicians, and nurses depend on drug information databases from MICROMEDEX

MICROMEDEX Acute Care Information Databases

AfterCare™ Instructions – includes simple-to-use guidelines for self-care and drug information that healthcare professionals can distribute to patients who have been discharged.

EMERGINDEX® SYSTEM – contains data and abstracts for the practice of acute care medicine, including presentation and treatment for over 400 illnesses and injuries.

POISINDEX® SYSTEM – presents internationally recognized treatment protocols and ingredient information for more than 750,000 commercial, biological, and pharmaceutical substances.

TOMES® SYSTEM – provides fully-evaluated monographs, and medical toxicology and hazard managements for use in the event of industrial chemical exposures.
