VOLUME 14 · CONTENTS

No 1 JANUARY 1997

- Review**
- 2 Thrombolysis after acute myocardial infarction *P A Nee*
- Original articles**
- 10 Initial assessment and outcome of head injured patients transferred to a regional neurosurgical service: what do we miss? *P T Grant, S Shrouder*
- 13 Radiography for head trauma in children: what guidelines should we use? *S Moreea, S Jones, N Zoltie*
- 16 A national census of those attending UK accident and emergency departments with asthma *M R Partridge, D Latouche, E Trako, J G B Thurston, on behalf of the UK National Asthma Task Force†*
- 21 Patients telephoning A&E for advice: a comparison of expectations and outcomes *J Dale, R Crouch, A Patel, S Williams*
- 24 Organ donation in the accident and emergency department: a study of relatives' views *A Wellesley, E Glucksman, R Crouch*
- 26 Cardiopulmonary arrest in general wards: a retrospective study of referral patterns to an intensive care facility and their influence on outcome *S Premachandran, A D Redmond, R Liddle, J M Jones*
- 30 A comparison of glucagon and glucose in prehospital hypoglycaemia *M A Howell, H R Guly*
- 33 Titrated intravenous opioids from the same syringe: an infection risk? *M Taylor, J Bourke, M Anderson, R Davey, A Kelly, B Guthrie*
- Training**
- 36 Opportunities for emergency medicine training in Australia *J M Ryan, P L Gaudry*
- Short reports**
- 40 Ocular superglue injury *C J McLean*
- 42 Neuralgic amyotrophy presenting to an accident and emergency department *M J Darby, A R Wass, D I Fodden*
- Case reports**
- 43 Potassium permanganate poisoning—a rare cause of fatal self poisoning *K L Ong, T H Tan, W L Cheung*
- 45 Inadvertent intracranial insertion of a nasogastric tube in a non-trauma patient *R M Freij, S T H Mullett*
- 47 Traumatic asphyxia in children *G Campbell-Hewson, C V Egleston, A R Cope*
- 49 Abdominal aortic aneurysm presenting as meralgia paraesthetica *A Brett, T Hodgetts*
- 51 Neck pain as a presenting symptom in malignant hypertension *J Stockwell, G George*
- 52 Necrotising fasciitis as a complication of steroid injection *R Birkinshaw, J O'Donnell, I Sammy*
- 54 Oesophageal "cross" — a sinister foreign body *J E Losanoff, K T Kjossev, H E Losanoff*
- Management issues**
- 56 The management series *M J Clancy*
- 56 Managing the managers *A H Swain*
- Letters to the editor**
- 58 Guidelines for imaging children with head injuries in A&E departments *K McHugh, F Moore*
- 58 Acute pain management for children in A&E *N Simpson*
- 58 Childhood accidents *S D Carley, P Terry; reply*
- 58 Our study was hospital based and not community based *A Maitra*
- 59 Topical analgesia for children *B Nathan, J McKeever*
- 59 The authors reply: *J Kendall, S McCabe, A Charters*
- 59 Fasting before Bier's block *N Nandwani, J M Stokes*
- 60 GPs in A&E *R Spedding*
- 60 Paramedic care: the case for minimum intervention *S Evans*
- 60 **Video review**
- Emergency casebook**
- 32 Isolated traumatic radial head injury in children *M Saab, N M G Kurdy, R Birkinshaw, I Sammy*

No 2 MARCH 1997

- An appreciation**
- 64 David Williams
- Review**
- 65 How to write a paper *P Driscoll*
- Original articles**
- 70 Intranasal diamorphine for paediatric analgesia: assessment of safety and efficacy *J A Wilson, J M Kendall, P Cornelius*

- 73 Changes in plasma ionised calcium within 24 hours of trauma in patients infused with the calcium containing colloid Haemaccel during fluid resuscitation *P A Evans, W Madira, M S Riyatt, M Errington, S Heptinstall*
- 76 The casualty profile from the Manchester bombing 1996: a proposal for the construction and dissemination of casualty profiles from major incidents *S D Carley, K Mackway-Jones*
- 81 Improved trauma management with advanced trauma life support (ATLS) training *M J Williams, A S Lockey, M C Culshaw*
- 84 Double take—fracture fishing in accident and emergency practice *P Hyland-McGuire, H R Guly, P M Hughes*
- 88 Workload management in A&E: counting the uncountable and predicting the unpredictable *C J Taylor, F Bull, C Burdis, D G Ferguson*
- 92 Desktop system for accounting, audit, and research in A&E *C J Taylor, S G Brain, F Bull, A C Crosby, D G Ferguson*
- 98 Interpreter use in an inner city accident and emergency department *P Leman*
- 101 How good are doctors at estimating children's weight? *A Greig, J Ryan, E Glucksman*
- Training**
- 104 Higher specialist training in accident and emergency medicine—past, present and future *G Johnson, R Brown, M Howell*
- Training: viewpoint**
- 107 Assessment of specialist registrars in A&E—opportunities for change *K Reynard, A McGowan*
- Case reports**
- 110 Trouble with tuna: two cases of scombrotoxin poisoning *I M Stell*
- 111 Non-operative management of a splenic laceration in a patient with the Proteus syndrome *W Ceelen, J De Waele, M Kunnen, B de Hemptinne*
- 113 An unusual cause of rib fracture following a road traffic accident *R J Daniels, R A Fulcher*
- 115 A case of maternal pelvic trauma following a road traffic accident, associated with fetal intracranial haemorrhage *G Matthews, B Hammersley*
- For debate**
- 118 Research in accident and emergency medicine *R D Hardern, D W Hamer, A Gray, A McGowan, M J Clancy*
- Management issues**
- 119 Chairing a meeting *C Cutting*
- 120 Giving critical feedback *M J Clancy*
- 120 The management series
- Abstracts**
- 121 Scientific Meeting of the Faculty of Accident and Emergency Medicine, The Royal College of Surgeons of England, London, 24–25 January, 1997
- Letters to the editor**
- 131 Use and abuse of spinal boards *R A Cocks*
- 131 Current use of the A&E ward *A M T Good*
- 131 Prehospital cardiac arrest in Leicestershire *M G Cameron; reply T B Hassan, F G Hickey, S Goodacre, G G Bodiwala*
- 132 **Book review**
- Emergency casebook**
- 103 Nocturnal hypoglycaemia: a cause of bilateral anterior shoulder dislocation *A J Andrade, C Mann, M L Grover*

No 3 MAY 1997

- Original articles**
- 134 Evaluation of a paired creatine kinase test for the diagnosis of acute myocardial infarction in patients with a non-diagnostic electrocardiogram *A D Hingorani, S O'Hanlon, S P Halloran, J P Wright, T H Foley*
- 139 Isotope brain scanning with Tc-HMPAO: a predictor of outcome in carbon monoxide poisoning? *M Turner, P M Kemp*
- 142 Effectiveness of ambulance paramedics versus ambulance technicians in managing out of hospital cardiac arrest *J S Nguyen-Van-Tam, A F Dove, M P Bradley, J C G Pearson, P Durston, R J Madeley*
- 149 Paramedic interventions increase the rate of return of spontaneous circulation in out of hospital cardiac arrests *C J Mann, H Guly*
- 151 Benefits of an accident and emergency short stay ward in the staged hospital care of elderly patients *S A Khan, H Millington, F G Miskelly*
- 153 Effect of Strathclyde Police initiative "Operation Blade" on accident and emergency attendances due to assault *A Bleetman, C H Perry, R Crawford, I J Swann*
- 157 Management of eye emergencies in the accident and emergency department by senior house officers: a national survey *M M S Tan, P A Driscoll, J E Marsden*

159	Do patients get the best deal when antibiotics are prescribed out of hours? <i>K A Lark, C E Phillips</i>
163	The ability of A&E personnel to demonstrate inhaler technique <i>J O'Donnell, R Birkinshaw, V Burke, P A Driscoll</i>
