

Correction

In the July issue, page 221, we published a list of consultant appointments in A&E. In error this list included Dr G A Hobbs (Chertsey). We apologise to Dr Hobbs for this mistake.

Correction

Marshall J, Edwards C, Lambert M. Administration of medicines by emergency nurse practitioners according to protocols in an accident and emergency department: July issue (volume 14, No 4), page 236:

There is an uncorrected error in fig 1, with missing legends. The corrected figure is reproduced alongside.

Figure 1 Breakdown of drugs (both courses and single doses) given by emergency nurse practitioners (ENPs) between February and July 1996. NSAIDS, non-steroidal anti-inflammatory drugs.

Referees for the Journal of Accident & Emergency Medicine

All papers submitted for publication in the Journal of Accident & Emergency Medicine undergo peer review. As a result of the continuing rise in the number of papers received the Journal seeks additional referees.

This is an interesting and stimulating activity. The Editorial Office ensures that the workload for referees is not onerous and guidelines are provided to allow a structured critique of each paper. Referees are expected to return comments within three weeks of receipt of the manuscript.

Please contact the Editor, Journal of Accident & Emergency Medicine at BMA House, Tavistock Square, London WC1H 9JR, telephone 0171-383-6795, fax. 0171-383-6668, stating your present appointment and any areas of special expertise. Reviewers are particularly welcome from other specialties with an interest in Emergency Medicine and from outside the U.K.
