

Primary survey

- 1 Highlights from this issue
I K Maconochie

Editorial

- 2 It's good to talk—but the talk must be good
G Hughes

Commentary

- 3 Variability in cardiac arrest survival: the NHS Ambulance Service Quality Indicators
G D Perkins, M W Cooke

Review

- 6 Emergency departments in The Netherlands
W A M H Thijssen, P H J Giesen, M Wensing

Original articles

- 10 Civilian firearm injury and death in England and Wales
M J Davies, C Wells, P A Squires, T J Hodgetts, F E Lecky

- 15 Posterior myocardial infarction: are we failing to diagnose this?
J N Khan, A Chauhan, E Mozdiak, J M Khan, C Varma

- 19 Lung ultrasound is an accurate diagnostic tool for the diagnosis of pneumonia in the emergency department
F Cortellaro, S Colombo, D Coen, P G Duca

- 24 Nurse-initiated defibrillation: are nurses confident enough?
C K Tai, G N Cattermole, P S K Mak, C A Graham, T H Rainer

- 28 Access to care among emergency department patients
C A Marco, M Weiner, S L Ream, D Lumbrezer, D Karanovic

- 32 Comparison between intubation through ILMA and Airtraq, in different non-conventional patient positions: a manikin study
V Grosomanidis, E Amaniti, C Pourzitaki, V Fyntanidou, K Mouratidis, D Vasilakos

- 37 Randomised comparison of intravenous paracetamol and intravenous morphine for acute traumatic limb pain in the emergency department
M Craig, R Jeavons, J Probert, J Bengert

- 40 Comparison of two clinical scoring systems in risk stratification of non-ST elevation acute coronary syndrome patients in predicting 30-day outcomes
C Rawlings, K Oglesby, J Turner, A Sen

- 43 Does intracerebral haemorrhage mimic benign dizziness presentations? A population based study
K A Kerber, J F Burke, D L Brown, W J Meurer, M A Smith, L D Lisabeth, L B Morgenstern, D B Zahuranec

- 47 A pragmatic quasi-experimental multi-site community intervention trial evaluating the impact of Emergency Care Practitioners in different UK health settings on patient pathways (NEECaP Trial)
S Mason, C O'Keefe, E Knowles, M Bradburn, M Campbell, P Coleman, C Stride, R O'Hara, J Rick, M Patterson

Prehospital care

- 54 A comparison of the suction laryngoscope and the Macintosh laryngoscope in emergency medical technicians: a manikin model of severe airway haemorrhage
T Mitterlechner, A Wipp, H Herff, V Wenzel, A M Strasak, T W Felbinger, C A Schmittinger

- 56 Should helicopters have a hoist or 'long-line' capability to perform mountain rescue in the UK?
J Ellerton, H Gilbert

- 60 Weather inference and daily demand for emergency ambulance services
H T Wong, P C Lai

Short report

- 65 Current use of early warning scores in UK emergency departments
J R Griffiths, E M Kidney
