Contents

Volume 30 Issue 1 | EMJ January 2013

72 Hazardous drinking among patients attending a minor injuries unit: a pilot study
R Patton, M Vohra

74 Rescuers may vary their side of approach to a casualty without impact on cardiopulmonary resuscitation performance
C M Jones, C J Thorne, P S Colter, A Macrae, G A Brown, J Halme

76 Improving paediatric pain management: introducing the ‘Pain Passport’
B A Newstead, S Armitage, A Appelboam

Images in emergency medicine
85 Speech prosthesis aspiration
H B Grosa, F J Esteva, C A Jimenez, R C Monice

Miscellaneous
86 Sophia
M Al-Mudhaffar, J Wyatt

Best Evidence Topic reports
79 Towards evidence-based emergency medicine: best BETs from the Manchester Royal Infirmary
K C Mackway-Jones

79 BET 1: Is propofol safe in patients with egg anaphylaxis?
J P Baombe, K Parvez

80 BET 2: What gauge and type of lumbar puncture needle should we be using in the paediatric population to reduce the risk of postdural puncture headaches?
A Alcock, R Salter

81 BET 3: can patients with recent-onset atrial fibrillation be discharged from the emergency department after successful cardioversion?
A Chaudhary, M Marathe

Electronic pages
88 Foreign field hospitals after the 2010 Haiti earthquake: how good were we?
M Gerdin, A Wladis, J von Schreeb

89 Deliberate self-poisoning: characteristics of patients and impact on the emergency department of a large university hospital
L Hendrix, S Verelst, D Desruelles, J-B Gillet

90 Safety and efficacy of symptom-driven CT decision rule in fully conscious paediatric patients with symptoms after mild closed head trauma
B Xiao, F-F Wu, H Zhang, Y-B Ma

91 Ovarian torsion among girls presenting with abdominal pain: a retrospective cohort study
K McCloskey, S Grover, P Vuillermin, F E Babl

92 Comparison of resident and mid-level provider productivity and patient satisfaction in an emergency department fast track
R Jeanmonod, J DelCollo, D Jeanmonod, O Domachowsky, M Reiter
