

Primary survey

- 1 Highlights from this issue
M Dawood

Editorial

- 2 Assessing geriatric vulnerability for post emergency department adverse outcomes: challenges abound while progress is slow
U Hwang, C Carpenter

Original articles

- 4 Predicting older adults who return to the hospital or die within 30 days of emergency department care using the ISAR tool: subjective versus objective risk factors
B Suffoletto, T Miller, R Shah, C Callaway, D M Yealy
- 10 THE STORM (acute coronary Syndrome in paTients end Of life and Risk assesMent) study
C Moretti, G Quadri, F D'Ascenzo, M Bertaina, F Giusto, S Marra, C Moiraghi, L Scaglione, M Torchio, G Montrucchio, M Bo, M Porta, P Cavallo Perin, C Marinone, F Riccardini, J Iqbal, P Omedè, S Bergerone, F Veglio, F Gaia

- 17 The prevalence, risk factors and short-term outcomes of delirium in Thai elderly emergency department patients
J Sri-on, G P Tirrell, A Vanichkulbodee, S Niruntarai, S W Liu

- 23 Serial sampling of copeptin levels improves diagnosis and risk stratification in patients presenting with chest pain: results from the CHOPIN trial
N A Marston, K S Shah, C Mueller, S-X Neath, R H Christenson, J McCord, R M Nowak, L B Daniels, J E Hollander, F Apple, J Nagurney, D Schreiber, C deFilippi, D Diercks, A Limkaleang, I S Anand, A HB Wu, A S Jaffe, W F Peacock, A S Maisel

- 30 Utility analysis of management strategies for suspected subarachnoid haemorrhage in patients with thunderclap headache with negative CT result
X Wu, V B Kalra, D Durand, A Malhotra

- 37 National early warning score at Emergency Department triage may allow earlier identification of patients with severe sepsis and septic shock: a retrospective observational study
JW Keep, AS Messmer, R Sladden, N Burrell, R Pinate, M Tunnicliff, E Glucksman

- 42 Diagnostic performance of S100B protein serum measurement in detecting intracranial injury in children with mild head trauma
S Manzano, I B Holzinger, C J Kellenberger, L Lacroix, D Klima-Lange, M Hersberger, G L Scala, S Altermatt, G Staubli

- 47 Non-urgent accident and emergency department use as a socially shared custom: a qualitative study
S K Beache, C Guell

- 52 Why is it so difficult to recruit patients to research in emergency care? Lessons from the AHEAD study
R Johnson, M Kuczawski, S Mason

Prehospital care

- 57 Ethical, legal and professional issues arising from social media coverage by UK Helicopter Emergency Medical Services
S Steele, C Adcock, A Steel

Review

- 61 Unplanned, urgent and emergency care: what are the roles that EMS plays in providing for older people with dementia? An integrative review of policy, professional recommendations and evidence
M Buswell, P Lumbar, L Prothero, C Lee, S Martin, J Fleming, C Goodman
