

## **APPENDIX 1**

### **Interview Schedule**

(1) What is your experience of stress related to your role?

Probe: Describe the challenges, stressors

Probe: In your own words, what is your experience of that?

(2) How do these relate to your psychological health?

Probe: How does that impact on you, what is your experience of your wellbeing, psychological health and stress? What feelings do you notice?

(3) What is your experience of coping in these circumstances?

Probe: What supports you in your role, what needs to be there for you? What is it like when coping is working well/not very well?

(4) Are there implications of these experiences?

Probe: How do you feel about the future of your role? What is it like looking forward, back or experiencing how it is now?

(5) Summarise key points of interview and check with participant that summary is correct

(6) Are there any important aspects of your psychological wellbeing that we haven't discussed?
