Volume 35 Issue 1 | EMJ January 2018

Primary survey

1 Highlights from this issue
E J Weber

Meeting the demand for emergency care

3 Tackling the demand for emergency department services: there are no silver bullets
M Merchant, S E Monodoux

5 Impact of Physician Navigators on productivity indicators in the ED
A K Leung, G Pote, B E Chen, Z Gong, E Chan, E Feng, M Duie

12 Emergency consultants value medical scribes and most prefer to work with them, a few would rather not: a qualitative Australian study

Geriatrics

18 Early prediction of hospital admission for emergency department patients: a comparison between patients younger or older than 70 years

28 Failure of falls risk screening tools to predict outcome: a prospective cohort study

33 Can an observational pain assessment tool improve time to analgesia for cognitively impaired older persons? A cluster randomised controlled trial
M Fry, I. Chereweth, G Arendts

Image challenge

38 Don’t neglect the clock drawing test
(answer on p. 45)
M Vinker Shuster, M Hannah, Z Todd

Paediatrics

39 PREDICT prioritisation study: establishing the research priorities of paediatric emergency medicine physicians in Australia and New Zealand
H C Dzerve, C L Wilson, F E Bahl, S R Dalkiel, J A Cheek, S S Cagig, E Oakley, M Berland, N G Cheng, M Zhang, E Catterell, T Schuster, D Krieser, on behalf of the PREDICT Research Network

46 Characteristics of youth agreeing to electronic sexually transmitted infection risk assessment in the emergency department
P A Ahmad, D B Jeffs, K Plath, K B Schechman, D E Doerhoff, J M Garbutt, D M Jaffe

52 Profile and outcomes of critically ill children in a lower middle-income country
M I Habib, K M A Khan

Review

56 Skin and soft tissue infection management failure in the emergency department observation unit: a systematic review
J W Abetz, N G Adams, B Mitra

Short report

62 Waveform capnography: an alternative to physician gestalt in determining optimal intubating conditions after administration of paralytic agents
A Sicicomo, J R West, M Kanter, N D Caputo
Best evidence topic reports
65 Towards evidence-based emergency medicine: best BETs from the Manchester Royal Infirmary
K Mackway-Jones

65 BET 1: Continuous flow insufflation of oxygen in out-of-hospital cardiac arrest
P-A LeBlanc, A Nadeau

66 BET 2: NSAIs and chickenpox
K Stone, E Tackley, S Weir

Global Emergency Medicine Highlights
69 Abstracts from international Emergency Medicine Journals
E J Weber

Miscellaneous
70 Correction: Testing of the ‘always events’ approach to improve the patient experience in the emergency department

PostScript
71 Time is brain: An online controlling of traffic lights can save lives
A Amiri, R Vafaeinezhad, M R Azarpazhooh

The view from here
72 Digging deep
J M Huded, T I Smith
